

Harshita Upreti

8126963928 - harshitaupreti07@gmail.com - [linkedin.com/in/harshita12](https://www.linkedin.com/in/harshita12)

PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented **Frontend Developer** and **Software Developer** with strong expertise in **web development, ERP solutions, and AI/ML applications**. Skilled in building scalable and user-friendly applications using modern technologies like React, Node.js, and Python. Proficient in database management (MySQL, PostgreSQL, MongoDB) and full-stack development, with experience delivering impactful projects that improve efficiency and decision-making. Adept at collaborating with cross-functional teams, solving complex problems, and continuously learning emerging technologies to drive innovation.

EDUCATION

Noida Institute of Engineering and Technology <i>B.Tech in Computer Science and Engineering (Artificial Intelligence)</i>	Greater Noida, UP 2022 – Pursuing
Dayawati Modi Public School (Senior Secondary) <i>Central Board of Secondary Education - Class 12</i>	Modinagar, UP 2022
Dayawati Modi Public School (High School) <i>Central Board of Secondary Education - Class 10</i>	Modinagar, UP 2020

EXPERIENCE

ERP & Business Application / Web Development Intern (Full-time, Onsite)

Phoenix Contact India Pvt. Ltd.

Jul 2025 – Present

- Working on ERP modules customization and integration to streamline business processes.
- Collaborating with cross-functional teams to develop and maintain web applications supporting business operations.
- Implementing automation solutions to enhance efficiency in reporting, data management, and workflow optimization.
- Utilizing modern development practices (version control, testing, documentation) for scalable solutions.

Web Development Intern (Remote)

Wap Venture

Sep 2024 – Jun 2025

- Developed and maintained responsive websites ensuring seamless user experience across devices and browsers.
- Collaborated with cross-functional teams to design and implement user-friendly interfaces.
- Worked on project development, version control, and iterative updates.

Web Development Intern (Remote)

Edyyo Digital Solution

Jun 2024 – Aug 2024

- Conducted market research to identify emerging trends and consumer preferences.
- Created engaging content for various platforms ensuring brand consistency.
- Assisted in WordPress development and optimization tasks.

PROJECTS

- **College ERP Management System** (2025) – Designed and implemented a comprehensive ERP solution for colleges, including modules for student registration, attendance tracking, fee management, and academic records.
Tech Stack: HTML, CSS, PHP, MySQL
- **Employee Attrition Prediction System** (2024) – Built a machine learning model to predict employee resignation likelihood using performance, experience, and satisfaction data, supporting HR decision-making.
Tech Stack: Python, Pandas, NumPy, Scikit-learn, Matplotlib
- **Financial Expense Tracker with Prediction** (2024) – Developed a web-based application to track monthly expenses, categorize spending, and predict future expenses using machine learning algorithms.
Tech Stack: React, Flask, Python (ML), MySQL

TECHNICAL SKILLS

- **Skills:** Frontend Developer, Software Developer, Web Developer, Artificial Intelligence - Machine Learning
- **Languages:** HTML, CSS, JavaScript, PHP, Python, C#
- **Frameworks/Tools:** React, Node.js, Next.js, Express.js, Django, Bootstrap, VS Code, Jupyter Notebook, Anaconda, Word-Press, Git/GitHub
- **Libraries:** NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, PyTorch
- **Databases:** MySQL, MS SQL, PostgreSQL, MongoDB
- **Soft Skills:** Problem Solving, Team Collaboration, Adaptability, Time Management, Critical Thinking, Leadership, Communication
- **Relevant Coursework:** Software Engineering, Data Structures and Algorithms, Operating Systems, Database Management Systems, Computer Networks, Artificial Intelligence, Machine Learning
